

Clinical Case Report

(For Collection of Cancerous Tissue)

ICD-3

Carcinoma papillary urothelial
cell 813013
Carcinoma papillary transitional
cell 813013
Date 4/30/09 NOS C67.9

Informed Consent

I personally informed this patient that a specimen(s) would be collected to be used for research purposes. I reviewed the **RESEARCH SUBJECT INFORMATION AND CONSENT FORM** with the patient and answered any questions the patient had. The patient then signed the consent form as a free and voluntary act. A copy of this informed consent document will be retained at our institution.
